## PRESIDENT'S MESSAGE by Ed Bonk

Writing the March President's message means that we are only a month away from the start of our outdoor activities, which begins with the April cruise night. I for one can not wait and I'm quite sure there are a lot of other members who feel the same way.

In **February** the club had only one activity and that was the brunch at the **William Penn Inn**. There were approximately **17** members in attendance and with the brunch menu you can imagine how everyone had more than their share of food to eat.

Congratulations to **John Benischeck** for a job well done in organizing the event. **Kenny Shaw** was at the General Membership meeting and gave an update on his **Strickly Corvettes** and **American Muscle** car show that will be at the Atlantic City convention center in April. He talked about expanding the cars on display to include the Muscle cars. He brought along a friend of his from **Checker Auto Appearances** and he gave a presentation on the '**Powder Coating**' and '**Water Transfer**' process used on some auto parts. It was a very interesting presentation. During the General Membership meeting I presented the 2nd **2010** semi-annual President's award to **John Benischeck** for his dedication and efforts in assisting CCDV in many ways. **(See Page 3)**.

In **March** the monthly roving breakfast is still being planned as of this writing. Not much of anything else being planned this month.

In looking ahead to April plans are being made for a Murder Mystery Dinner and Show at the **Cock 'n Bull Restaurant** in Peddlers Village. For those going to the Strickly Corvette show club members will get a **25%** discount on their tickets. I will put the Promo code to get your discount in our **Members Only** section when I get it from Kenny Shaw. And the first '**Cruise Night**' of the year will be on the 3<sup>rd</sup> Saturday at Lowe's in Warrington.

## CCDV 2009 Semi-Annual President's Award

Early in **2005** I ask the Board to allow me to present a form of recognition to any member whose contributions, enthusiasm and commitment to the club was at the highest level. Through out the year we continually give recognition through verbal or written communication such as a simple 'Thank you' or a physical means such as a trophy, but I was looking at this at a different echelon. Realizing we are a premier club and such an award is warranted, the Board approved the idea. I named it the '**CCDV President's Award**' and wanted it presented on a semi-annual basis due to the number of people who participate in our club activities past or present. I felt the award should have no boundaries such as what year the recognition was deserved, how many years someone is a member or the type, level or number of activities. But this would not be your average type of award, as it would require hard work and a significant contribution to our club and its members. The award is 10 inches high, has a contemporary design and made of blue acrylic with white lettering.

The second **2010** recipient of this award was presented to **John Benischeck** at the February General Membership meeting. Since he joined the club a few years back John has been very dedicated in supporting the club in many ways. Always willing to volunteer and the type of individual that when taking on an assignment will put forth a strong focus on being successful with the task at hand. For the last two years John has been the primary coordinator of our monthly roving breakfast. His gallant efforts in the coordination and scheduling of these events have made every outing a great success.

Should you see **John** in your passing please congratulate him on these efforts put forth to our club and its members.

For your information past recipients of this award are **Don Terranova and Joel Fellman (2005), John Tambourine and Dennis Trayes (2006), Rose Ferrante and Bob Weiss (2007), Tim Simmons and Dennis Levitt (2008), Jacques Etkowicz and Jeff Hey (2009), Marlene Etkowicz and John Benischeck (2010).**

### URGENT FEDERAL LEGISLATIVE ALERT

#### **SAN Again Leads the Way in Preventing EPA from Increasing Ethanol Content in Gasoline**

The SEMA Action Network (SAN) is urging the United States Congress to support a provision to prevent the U.S. Environmental Protection Agency (EPA) from using designated funds to increase the amount of allowable ethanol content in gasoline to 15% (E15). The SAN contends that this legislation is necessary to protect automotive enthusiasts and consumers from misfueling and other unnecessary harm.

The provision, offered as an amendment to legislation funding the federal government for the remainder of fiscal year 2011, will suspend EPA's efforts to quickly permit E15 in the marketplace. On behalf of millions of auto enthusiasts across the country, SAN is arguing that more time is needed for the completion of unbiased and independent testing on the impact of E15 on vehicles and engines. The SAN will continue to take proactive steps in Washington, D.C. in support of the hobby to oppose E15 until there are conclusive scientific findings that demonstrate that it will not harm automobiles of any age as a result of corrosion or other chemical incompatibilities.

Please forward this Alert to your fellow car enthusiasts. Urge them to join the [SAN](#) and help defend the hobby!

# Cavalcade Update

It won't be long before the birds are singing, flowers are blooming and the hearts of Corvette owners are filled with love. The love of a great car show, that is. Although it is only March, it is not too early to start thinking about the Cavalcade. The club's 41st Cavalcade is set for June 25, 2011 at the Middle Bucks Institute of Technology. Your opportunity to sign up is included in the Gas Cap this month. We are also in need of volunteers to help with the set-up, tear down, parking, etc. If not for our great volunteers over the years this event would not be as successful as it has been. Therefore, please consider volunteering. Not only will you get a great deal of satisfaction from helping, you'll also get a one of a kind limited edition T-Shirt. Sign up sheets will be distributed at the General Meeting. For those of you who can't wait that long to volunteer please send me a PM or an e-mail. Thank you to those who have already volunteered.

Jacques

# Oriental Auction

Speaking of the Cavalcade, due to its overwhelming success for the past two years, we are again having an Oriental Auction. Once again, our goal is to raise \$1,500.00 to be donated to our charitable organizations. We would really appreciate your support of the auction by providing donations. Examples of items that we are looking for include wine, spirits, etc... which can be made into a basket of cheer, coffee, gift cards to local stores/restaurants. Sports and automotive memorabilia/tickets, hand-made items and kids toys were all very desirable at past auctions. No reasonable donation will be declined. It is usually successful to ask for a donation where you are a regular customer. Additionally, if you are or know of any business owners that may be interested in providing samples of their goods, gift certificates, or an introductory service please ask that they consider donating, we will advertise their products at the auction table. If you have any donations or wish to assist with the auction this year please feel free to contact me. Thank you in advance for your support.

Dear Mr. Weiss,

On behalf of everyone at the Eastern PA/Delaware Chapter of the Juvenile Diabetes Research Foundation, I want to express my sincere **thanks** for your recent gift of \$3,000.00. We truly value your generous investment in our mission. Each and every dollar you entrust to JDRF helps to drive progress toward better treatments – and ultimately a cure – for our loved ones with type 1 diabetes.

Thanks to the support of people like you, JDRF funds more type 1 diabetes research than any other charitable organization in the world. We leverage those dollars by advocating strenuously for type 1 research at the federal and international levels. JDRF is also a leader in setting the agenda for type 1 science on the global stage. We help to define the path forward and then work to engage the top scientific minds in filling the knowledge gaps that are hindering progress. To advance as quickly as possible, JDRF also collaborates and partners with industry, government, and academia. In all of these ways, we maximize the value of our research dollars – and your gift – exponentially. Your leadership and support enables us to continue this important work to accelerate the pace of research leading to a cure.

Again, please accept our deepest **thanks** for your generous gift. We appreciate your steadfast dedication to finding a cure, and we value your partnership with JDRF. If you would like more information about our research or details about specific advances, please visit our website at [www.jdrf.org](http://www.jdrf.org), or contact me directly at [erubcsin@jdrf.org](mailto:erubcsin@jdrf.org).

Sincerely,

  
Ellen Rubcsin  
Executive Director

*Thank you so much  
for your continued  
support!*

P.S. Please keep this letter as your receipt. Your donation is fully tax deductible, as you did not receive goods or services in connection with this contribution.
