September

Membership Report

As of September 25th we have 323 regular memberships and 149 spousal's for a total of 472 members.

Joining the CCDV in Sept were the following members.

Paul Williams who has a 1994 green coupe and a 1977 Blue Coupe, Sherman Goodman with a 2017 White Convertible, Cyril (Butch) and Geraldine (Gerrie) McMillian with a 2011 Crystal Red Grand Sport Coupe and Andy Thierry with a 2014 Red Coupe. Please welcome these members into the club.

Again members, if you change your email address or move make sure you contact me at grbngrs@verizon.net so I can update your record.

President's Message

T. Wayne Lankford

The season of "Grandeur", corvette style, is slowly winding down. A few more activities and the season will be all but over. It has been a good year and soon, many of us will be putting our corvettes away for the winter with great anticipation of spring's arrival.

Without offense to others, I would like to sincerely thank Candy Merlino for again doing a wonderful job for the club handling our "Cruise Nights". As many may know Chris has had several medical issues this past year and is still in rehab. Think of him in your prayers. Candy, the club thanks you very much for all you do for the club! I would also be remiss if I didn't send a big thank you to all the CCDV members who helped Candy at cruise night in setting up, taking down, selling chances, etc.

I appreciate our members for heeding my request at last months meeting to halt the chatter and table conversations during our guest speakers' presentation. Thank you!

It was good to see Steve Howard at our September meeting. As many may know, he has had some medical issues and we wish him well. It was also nice to see Russ Parker, looking very dapper Russ.

In reading the gas cap, I am certain that most have seen quite an improvement in its content and layout. In particular, the layouts produced by John Indelicato our activities chair. They are very informative and show what our members have been enjoying with their participation in the clubs activities. Thanks John!

Some members may not realize this but one of the major responsibilities of the CCDV Board is to evaluate how best to utilize the members dues. The Board members are elected by you, the general membership, and are entrusted with the responsibility to handle all affairs related to the CCDV and its overall operation. Over the past ten years, the cost of our general membership meetings has risen 133%, far greater than most salaries in the public sector. (Not counting Federal). As such, our bank balances have started to show a decrease and presumably will continue to do so. Over the past few years the board has struggled with how to address this situation.

The overall membership has declined over the past ten years from a high of 591 to its present level of 460. These figures include both member and spousal memberships. Of the 460 members, there are 45 non-paid members, 28 life members and 17 board members. This means that of the 460 members, there are 415 members who presently pay dues. On average, we have lost 13 members a year over this period of time. Life memberships will also continue to increase over the coming years.

At one time, we had a parking area that was roped off which enabled us to bring our cars and be segregated from the general populous who were there for VE activities, sports, etc. We no longer have that privilege. Members also complain about the parking lot and its condition and are reluctant to bring their cars.

With that said, the Board by a unanimous vote, has been searching for other venues within our geographic area which would be suitable for our club. We have looked at several venues over the past few months and will hopefully have a decision by the November general membership meeting. The board had looked at other venues going back to when Ed Bonk was president. Those searches did not give us what we are looking for in a venue.

By reducing the monthly costs for the club, the board will be looking at some very interesting ways of providing other benefits to our members. The club savings on a yearly basis will be approximately \$4600+. It may not seem like much but it is. It will allow us to continue our commitments to the club and give more to its members. One priority for a new venue is corvette parking only!

The board continues to work in the best interest of its members. As we have seen in the past, change is inevitable. We strive and will continue to make the CCDV one of the elite corvette clubs.

There is a lot to digest in this months' presidents message and hope you understand the relevance of the actions being undertaken by the board.

I hope to see every one at the October meeting.

T.

Gas Cap, Website & Club Related Issues

If you have issues with the website such as: lost password, username, sign-on or receiving the Gas Cap, please e-mail Bill Burkholder at wburkholder4@comcast.net. Please include your screen name, real name, and e-mail address. Do not e-mail "WebGuy" as he only handles the technical aspects of the website. You can also e-mail any questions that you have regarding CCDV or Bill. He will re-direct the e-mail to the proper chairperson who will be able to assist in resolving issues promptly.

CCDV Elections November 9th meeting: Who's running?

T Wayne Lankford has committed to run for the position of CCDV President and submitted his slate of officers for 2017 as follows: President: T Wayne Lankford Vice President: Joel Fellman; Corporate Secretary: Pete Carroll Recording Secretary: Barb Grippo Treasurer: Ken Woods

The following 8 CCDV members have submitted their names to be placed on the ballot for the eight (8) Board Member positions which come up to be voted on each year.

Bob Bearn	Rose Ferrante	Angelo Grippo	Joe Parente
Jacques Etkowicz	Steve Fisher	John Indelicato	Dennis Trayes

Don't forget, nominations for board positions can still be taken from the floor on the night of the election. Absentee ballots will be available should you be unable to attend the November 9th, general membership meeting at the VE club. To receive an absentee ballot, please contact me, Rose Ferrante, via the club phone 215-938-7722 or you may also use e-mail to request your ballot. Please direct the email to rferrante@fonnerinsurance.com **and make sure to indicate "CCDV Absentee Ballot Request" in the subject line.** It would be a great help to me if you could include your mailing address when you request the ballot as well as your phone number in the event we would have misinformation on our membership list. It is important to contact me as soon as possible due to the time sensitivity in receiving the ballots prior to the November meeting. All absentee ballots must be received by November 8th.

If you require a spousal ballot, please include that information as well. Please note: The ballots that are cast at the meeting are anonymous. The absentee ballot is also anonymous, but the return envelope will include your name on it and the envelope must be signed. This step is necessary to keep track so there is no duplication of votes. If you request and return an absentee ballot, you may still attend the November meeting to vote, and your absentee Ballot will be discarded at that time.

Thank you for supporting the club and exercising your right to choose the people to represent and work for you in this great club of ours!

Sincerely,

Nominating committee members

Rose Ferrante & Bill Burkholder

First Annual Corvette Racing Weekend with Doug Fehan and Special Guest Tommy Milner”

October 20-21, 2017 Corvette Racing Program Manager Doug Fehan, and 2-time Le Mans winning driver Tommy Milner will be on hand for a 2-day celebration dedicated to Corvette Racing. Under Doug’s leadership, Corvette Racing has earned over 100 race victories, 10 team championships, 9 driver championships and 8 victories at the 24 Hours of Le Mans since 1999.

Location: The Antique Automobile Club of America Museum (ACA Museum) 161 Museum Drive Hershey, PA 17033

Friday 10/20 events & schedule:

Friday, October 20, 2017 at 6:30pm - reception (cash bar) with Doug and Tommy. The duo will recap the 2017 24 Hours of Le Mans during a buffet dinner (cash bar) which will start at 7:15pm. The evening will close with an autograph session.

The CCDV Breakfast at SUMNEY TAVERN on September 24, 2017

Our own Diane Widmaier recommended this Eatery, which is located on Sumneytown Pike in Lansdale. We enjoyed a sumptuous buffet which featured a station for made –to-order Omelettes and Waffles. The cook handling the Omelettes / Waffles was cooking three perfect custom Omelettes and two Waffles at a time. It was a sight to behold! The food was excellent and the camaraderie was outstanding! There were many laughs and tall tales. The buffet included all the bacon and fresh cut fruit you could want. All for \$11.99. You can't beat this with a stick! This is a morning party with lots of laughs. Plus, it's an easy and great way for new members to join an activity. Everyone had a blast! The attending CCDV Vettesters were:

Fran & Joanne Schmidt

Joan and Kevin

Ken & Debbie Stacy

Paul and Ginny Wydominic

Jeff Kauf

Gary Romberger & Bonnie

Dennis & Debbie Trayes

Denny & Eileen Matlack

T. Wayne & Pattie

Stan & Maryanne

Tom Smith

Activities Recap for September 2017

September 16 – Last cruise night: I understand we gave away 175 hot dogs at the last cruise night. **Ray and Tracey Marijczuk** volunteered and provided the cooking duties on the hot dog rotisserie....and the dogs were DELICIOUS!! Rose Ferrante and Candy Merlino sold the pretzels, water, and soda and played the fun music. I made announcements and picked the trophy winners.

Unfortunately, poor Chris Merlino couldn't join us. He is back in rehab since the infection returned to his new knee joint. He is in our thoughts and prayers.

September 23 - CCDV Picnic: The poker run at the picnic was won by Ken Stacy with his pair of Queens. And "not first place" was won by Candy Merlino for her pair of 2's. Both received trophies with Corvettes on top. The cool trophies were picked out by Nick Scull. The picnic was a blast with Uber Delicious food. Nick and Edie and Jim Doan and their daughters (and others) did a wonderful job!!!!!! HUGE THANKS to Jim & Edie Doan for hosting the CCDV Picnic at their beautiful New Hope Estate

After gorging on all the delicious food there were games.

Top right and left: Rose J. & Debbie Traves tried their hands at Jenga, a game of skill requiring both patience & nerves of steel. Also playing was Joe Corrado, Sydney Doan, Candy Merlino, John & Barbara Pergine and Joe Parente

Bottom left & right was a hot game of LRC. We had Nick Scull, Ron & Lynn Gaffin, Ann Grippo, Diamond Jim Polis, Barb Grippo & the money lady Edie Doan. Don't know who won. I guess the one with the biggest smile!

Johnny Bacon

September 23 – Kerbeck 14th Annual Toys for Tots Corvette Caravan:

Here are just a few pictures taken at the Kerbeck Toys for Tots run. It was a very successful event with a large turnout of every generation Corvette.

Is that.... Is that.... no it can't be,wait a minute,that is

T Wayne with Miss America.

That's the biggest smile I ever saw on his face!!!

CECF News !

First, on behalf of CECF, the charitable arms of CCDV, we want to thank everyone that has helped by selling and/or buying raffle tickets for our 2017 Corvette Raffle. Due to changes in some shows, cancellation of some shows and rainy weather we find ourselves a bit behind on average sales that we track with each raffle.

We ask the following of all that still have raffle tickets:

- 1) Please contact Jeff Hey so that he can arrange to pick up your sold tickets and also to let him know if you have unsold tickets and if they will be sold by our next membership meeting. Jeff's cell phone number is 267-249-1654
- 2) If you need more tickets that you feel you can sell in the next couple of weeks, please contact Jeff at the above number or me-Bob Weiss at 215-776-1212 or Bill Burkholder 267-716-2757 or Dave Urbanek 215-443-7568.
- 3) Remember to bring your tickets (sold or unsold) to the general Membership meeting on September 14.

It is greatly appreciated that the members of our club and the CECF board are working very diligently to try to make this another sell out also to make our Club and It's charity among the most generous in the car hobby!

We thank you in advance for your assistance as we strive to achieve our goal of helping others.

President of CECF
Bob Weiss

Condition

Some customers may comment about their vehicle having a tendency to pull left or right depending on road conditions. Typical descriptions may refer to the vehicle not tracking properly or that the car wanders. Additional comments may include that the car follows grooves or inconsistencies in the road to the extent that the vehicle must be steered or directed with additional force to overcome these roadway characteristics.

[What is Tramlining?](#)

"Tramlining" is an industry term used to describe a vehicle's tendency to follow the longitudinal ruts and/or grooves present in the road. (Also called "trough wander"). The name comes from the feeling on a tram or trolley as the vehicle follows along the tracks. Any vehicle can exhibit tramlining due to uneven pavement or severe rutting in the roads surface. All vehicles tramline to some degree, however vehicles equipped with low aspect ratio, wide tires tend to be more sensitive to this condition.

Turning the steering wheel left or right slightly may give a "scrubbing" feel like rubbing up against a curb (only not as pronounced). Vehicles experiencing this condition can feel "pulled" in both directions depending on the positions of the tires in the trough (ruts).

Driving Characteristics

A test drive with the customer to duplicate the concern and driving a comparably equipped vehicle over the same roads may be beneficial before any repairs are attempted. For further information on diagnosing vehicle leads/pull issues, refer to the latest version of Corporate Bulletin Number 05-03-07-009.

Note: Test driving over road surfaces, like smooth concrete, the vehicle may be less susceptible to pavement inconsistencies due to the fact that concrete can be less susceptible to developing troughs and other variations in the road surface. Additionally, since troughs may or may not be visible in a given lane, it is recommended to drive the vehicle within the lane, but on each side of the lane to verify if the vehicle is reacting to the road surface variation due to the steering precision of vehicles in this category.

If a similarly equipped vehicle experiences the same condition as the customer's car, the customer's car is most likely experiencing tramlining, which is a normal characteristic of a car with low aspect ratio, wide tires.

Tires

Verify that all tire pressures are set to the specification listed on the vehicle's tire placard prior to driving and verify there is no uneven tire wear.

Note: Tire pressures should be maintained at the recommended pressures. Increasing tire pressures above the recommended pressure will further stiffen the sidewall of the tire and may increase tramlining.

Swapping tires from a known good vehicle can be used to determine if the condition is tire related.

Verify that the tires and suspension setting have not been modified from the production standards. GM accessory wheels and tires are an acceptable modification.

Alignment

While alignment may be thought to be a contributing factor, it has NOT been found to affect trough wander or tramlining complaints and therefore a wheel alignment check is NOT recommended for the condition. Reference the latest version of Corporate Bulletin Number 05-03-07-009 for GM corporate policy information on wheel alignment.

Version 1

Modified

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, DO NOT assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from the information.

EXPERT RESTORATION AND WINTERIZATION FOR YOUR CLASSIC

The Vette Shop
6041 Easton Road
Pipersville, PA 18947
215-766-7550

REGULAR SERVICES

The Vette Shop specializes in Corvette restoration. We have the parts and the passion to make your old Corvette look and run like new. If you're looking to restore your Corvette to NCRS show standards or if you just want to be happy when you open the hood at your local cruise night, we can help. From the engine & transmission to the paint & body work, the Vette Shop can restore any Corvette to the condition of your satisfaction.

We see Corvettes in every condition imaginable. From the person who bought the car new and put a zillion miles on it right away to the veteran Corvette owner who wants to make their car look like new again. Click on an album below to see photos of our step-by-step restoration process.
